

WRITING ASSESSMENT

Write your final composition here.

G 21a

Being a student at school takes most of my time but I enjoy many of the things we do. Several of the subjects taught at my school interest me. I also love doing special activities and assignments. School is also the place where I spend most of my time with my friends.

Of all the classes I take Social Studies and Algebra One are my favorites. When we read about wars and great battles I become mesmerized and every thing else vanishes from my mind. I always look forward to Algebra One every day. I am always learning something new in the class and it is the class in which I have the most fun. Somebody is always saying something that makes me laugh.

Doing special activities and assignments is something that I love. When we go to the science lab, I know the teacher has something special planned such as an experiment on rocketry. Going to the computer lab and gathering information on a specified subject is something I have always enjoyed. Power point essays are really fun to do also.

The best thing about school though is being able to see and be with all your friends. They can be the only light in a dark tunnel when you are in trouble. They are also there to help us out and remind us when we forget assignments. They make me laugh even when think the world is about to end and they keep us on the right path.

School may take-up most of my time but I enjoy most of it. The classes that interest me are the special assignments make school better. My friends though are what make
